## **ARTICLE I. RECOGNITION, UNION SHOP AND DUES CHECK-OFF**

- 1.1 RECOGNITION.** The Carrier recognizes the Union as the sole bargaining representative with respect to the terms and conditions of employment for hourly employees employed at South Central Florida Express in Clewiston, Florida in the following crafts and classifications: Operating Employees, Maintenance of Way Employees, Mechanical Employees, and Office Clerical Employees.
- 1.2 UNION SHOP.** It is hereby agreed that for employees covered by this Agreement, there will be established a Union shop. The operation of the Union shop and dues check-off will be covered by the following conditions and provisions:
- 1.2.1. All employees now or hereafter employed in the classifications covered by this Agreement shall, as a condition of continued employment in such work, within 30 days after the successful completion of any applicable probationary period or the effective date of this Agreement, whichever is later, become a member of and thereafter maintain membership in good standing (as defined herein) in the International Association of Machinists and Aerospace Workers; provided that such condition shall not apply with respect to any employee to whom such membership is not available under the same terms and conditions as are generally applicable to any other member of his/her classification or with respect to any employee to whom membership is denied or whose membership is terminated for any reason other than the failure of the employee to tender the initiation fees, monthly dues and assessments (not including fines and penalties) uniformly required of other employees as a condition of acquiring or retaining membership.
  - 1.2.2. For the purpose of this amendment "membership in good standing in the Union" shall consist of the tender or payment by the employees of initiation fees (except in case of authorized and permissible transfers from other lodges of the Union) and assessments uniformly required of other employees of like status, plus the payment of dues (as hereinabove described) for each calendar month not later than the last day of the second following calendar month, as may be levied in accordance with procedures set forth in the Union's "Constitution of the Grand Lodge, District and Local Lodges, Councils and Conferences".
  - 1.2.3. All rights of any employee under this Agreement and such supplements or amendments as may apply thereto are contingent upon his/her acquisition and maintenance of membership in good standing in the Union.
  - 1.2.4. The Carrier will, within ten (10) working days after receipt of notice from the Union, discharge any employee who is not in good standing in the Union as required by the above subparagraph 1.2.1, unless within the ten (10) day period evidence is presented to the Carrier that the notice was issued in error.
  - 1.2.5. When new employees are hired into classifications covered by this Agreement, the Carrier will furnish to the Union the names, home addresses and points of employment of such employees within thirty (30) days after they are hired.

### 1.3 DUES CHECK-OFF.

- 1.3.1. Upon receipt by the Carrier of a signed authorization to the Union of initiation fees, dues and assessments payable to the Union, the Carrier will deduct from the employee's check such initiation fees, dues and assessments as are uniformly required as a condition for acquiring or retaining membership. This assignment shall be revocable by written notice after the expiration of one year, such notice to be sent in duplicate by certified or registered mail to the District Secretary-Treasurer of the Union, or upon the termination date of this Agreement, whichever occurs sooner. Such assignment shall specify the amount of the initiation fees, dues and assessments and shall provide that the amount of such deduction for membership dues or assessments will be subject to change upon receipt by the Carrier of a written certification by the President/Directing General Chair of the District Lodge that such dues or assessments have been duly changed and specifying the amount thereof.
- 1.3.2. Deductions shall be made on account of initiation fees from the first paycheck of the employee for a full pay period. After receipt of the authorization, deductions shall be made on account of Union dues from the first paycheck of the employee for a full pay period after receipt of the authorization and monthly thereafter from the first paycheck of the employee in each month.
- 1.3.3. Deductions provided for in subparagraph 1.3.2 shall be remitted to the properly authorized District official of the Union during the month following the deduction, and the Carrier will furnish a record of the names of those employees from whom deductions have been made.
- 1.3.4. The Carrier shall not be liable for any time or wage claims for any employees discharged by the Carrier pursuant to a written order by an authorized Union representative.
- 1.3.5. An employee discharged under the provisions of this Article shall be deemed to have been "discharged for cause" within the meaning of this Agreement.
- 1.3.6. Other provisions of this Agreement to the contrary notwithstanding, the Carrier shall not be required to terminate the employment of any employee until such time as the services of a qualified replacement are available. The determination of whether a qualified replacement is available shall be made jointly by the designated representative of the Carrier and the designated representative of the organization involved. The Carrier may not, however, retain any employee in service under the provisions of this subparagraph for a period in excess of 90 calendar days from the date of the organization's original notice. Employees whose services are extended under the provisions of this section shall not, during such extension, retain or acquire any seniority rights.
- 1.3.7. Individual authorizations or "check-off" will be required in accordance with applicable state and federal laws.

1.3.8. The Carrier shall provide the Union a check off to the Machinist Non-Partisan Political League (MNPL).

**1.4** **INDEMNIFICATION.** The Union shall indemnify and hold the Carrier harmless against any and all claims, demands, suits, or other complaints that arise out of or by reasons of actions taken by the Carrier for the purpose of complying with the Union membership provisions of this Article I.

## **ARTICLE II. MANAGEMENT RIGHTS**

The Carrier retains all rights not expressly limited by the specific terms of this Agreement, including, but not limited to the right to plan, manage, direct and control all Carrier operations and facilities; to direct the workforce; to determine the means, methods, processes and schedules of operations; to determine the location of its facilities and operations and the continuance or discontinuance of its operating and support departments or any portion thereof; to transfer work and employees between departments, or railroad trackage or facilities on either a temporary or permanent basis; to temporarily or permanently close an operation or facility or any portion thereof; to determine the number of personnel needed; to determine and change, eliminate or modify schedules and hours of work including overtime; to make and enforce reasonable rules and regulations; to make and enforce safety rules; to institute and require training for employees; to establish performance standards; to maintain order, to hire or rehire employees; to assign employees to work and to jobs and to designate the duties of employees and the qualifications of employees for jobs and positions; to assign employees to equipment as determined by the carrier; to contract out any work in accordance with the terms of this Agreement; to determine the number of shifts and to assign employees to shifts or other hours of service as determined by the Carrier; to promote or transfer employees; to determine whether to have crews and crew sizes; to discipline, suspend or discharge employees for just cause; to layoff or recall employees; to relieve employees from duty because of lack of work; to grant or not grant leaves of absence; to set the wage rates, duties and qualifications for newly created jobs (except that once an employee has worked ninety (90) days in the new position, the Carrier will discuss this issue with the Union and make any pay increase agreed upon retroactive).

Nothing in this article will supersede any article in the Agreement.

## **ARTICLE III. SENIORITY**

### **3.1 SENIORITY FOR PERMANENT EMPLOYEES.**

There shall be two types of seniority for employees hired into permanent positions at the Carrier: Carrier seniority and Classification seniority.

#### **3.1.1. Carrier Seniority**

Carrier seniority shall be calculated in calendar months of active service and shall commence with the employee's date of hire by the Carrier. If an employee has more than one period of employment by the Carrier, interrupted by termination of employment, the employee's Carrier seniority shall commence with the most recent date of hire by the Carrier.

### **3.1.2. Classification Seniority**

Classification seniority shall be calculated in calendar months of active service and shall commence with the employee's first date of active service in a classification covered by this Agreement. If an employee has more than one period of employment by the Carrier, interrupted by termination of employment, the employee's Classification seniority shall commence with the most recent date of hire by the Carrier with no credit for service prior to termination of employment.

An employee who moves into a new classification for any reason other than a temporary assignment shall, upon completion of the probationary period in the new classification, accrue Classification seniority in the new classification and his seniority in the prior classification shall be frozen, except that a Conductor who moves to an Engineer position shall retain and continue to accrue Conductor seniority in addition to Engineer seniority. Except as to a Conductor who has moved to an Engineer position, after an employee has moved to a new classification and completed the trial period, if the employee voluntarily moves back to his prior classification, the employee shall forfeit any accrued Classification seniority in the new classification and shall resume his seniority in the prior classification to which the employee is returning. If the employee is removed from his present classification involuntarily, after the employee's trial period, the employee shall maintain his seniority in the classification he is being moved from.

There shall be Classification seniority lists for the following classifications under this Agreement:

- Engineers
- Conductors
- Shopcraft Employees (Mechanics)
- Maintenance of Way Employees
- Office Clerical Employees

## **3.2 SENIORITY FOR SEASONAL EMPLOYEES.**

There shall be two types of seniority for employees hired into seasonal positions at the Carrier:

### **3.2.1. Seasonal Carrier Seniority**

Carrier seniority for seasonal employees shall be calculated in calendar months of active service and shall commence with the seasonal employee's original date of hire by the Carrier, but only if the employee returns to seasonal service of the Carrier for each Harvest season on a continuous basis. A seasonal employee who later fills a vacancy in a permanent position shall carry forward accrued months of Carrier seniority.

### **3.2.2. Seasonal Classification Seniority**

Classification seniority for seasonal employees shall be calculated in calendar months of active service and shall commence with the seasonal employee's first date of active service as a seasonal employee in a classification covered by this Agreement.

A seasonal employee who moves into a new classification for any reason other than a temporary assignment shall, upon completion of the probationary period in the new classification, accrue Classification seniority in the new classification and his seniority in the prior classification shall be frozen, except that a Conductor who moves to an Engineer position shall retain and continue to accrue Conductor seniority in addition to Engineer seniority. Except as to a Conductor who has moved to an Engineer position, after a seasonal employee has moved to a new classification and completed the probationary period, if the seasonal employee voluntarily moves back to his prior classification, the seasonal employee shall forfeit any accrued Classification seniority in the new classification and shall resume his seniority in the prior classification to which the seasonal employee is returning. If the employee is removed from his present classification involuntarily, after the employee's probationary period, the employee shall maintain his seniority in the classification he is being moved from.

There shall be seasonal classification seniority lists for the following classifications under this Agreement:

- Engineers
- Conductors
- Shopcraft Employees (Mechanics)
- Maintenance of Way Employees
- Clerical Employees

### **3.3 CALCULATION OF SENIORITY.**

3.3.1. An employee shall accrue both Carrier seniority and Classification seniority for each month of continuous service.

3.3.2. An employee's continuous service shall be broken and his seniority shall be lost if the employee:

- (a) Terminates employment with the Carrier (whether voluntarily or involuntarily);
- (b) Fails to report for work for three (3) consecutive working days without notifying the Carrier and without a reasonable excuse acceptable to the Carrier (no call, no show);
- (c) Fails to respond to the Carrier within five (5) working days after receiving notification of recall, and/or fails to return to work within ten (10) calendar days after receipt of notification of recall. Employees are responsible for keeping the Carrier advised of their current address and telephone number; or

- (d) Failure to follow departmental pre-season requirements for work availability notification and reporting.

3.3.3. A former employee who is subsequently re-hired shall not receive credit for prior service with the Carrier for either Carrier seniority or Classification seniority.

### **3.4 PUBLICATION OF SENIORITY LISTS.**

On or about August 15 of each year, the Carrier shall publish (1) a Carrier seniority list for permanent employees; (2) a Classification seniority list for permanent employees holding seniority in each classification; (3) a Seasonal Carrier seniority list for all seasonal employees; and (4) a Seasonal Classification seniority list for seasonal employees holding seniority in each classification. Any employee who believes that there is any inaccuracy in the published list shall bring such inaccuracy to the attention of the Carrier and the Union in writing no later than September 10 of the same year, and shall be subject to the grievance and arbitration provisions of Article VII if not resolved to the satisfaction of the Carrier and the Union. Any alleged error or inaccuracy in the published seniority list shall be waived and of no further consequence if not brought to the attention of the Carrier and the Union in accordance with this paragraph.

### **3.5 NEW EMPLOYEE PROBATION.**

Newly-hired employees in the Engineer, Conductor, and Mechanic classifications shall be on probation for a period of six (6) months of active performance in the classification. Newly-hired employees in the Maintenance of Way and Clerical classifications shall be on probation for a period of ninety (90) days of active service from the date of entry into the classification. At any time during the probationary period, a newly-hired employee may be deemed unqualified, or otherwise unsuitable, as determined by the Carrier; in such event the employee, in the Carrier's discretion, may be terminated or moved to another vacant classification. Any removal, reassignment or discharge during the probationary period shall not be subject to grievance or arbitration at the request of either the employee or the Union. At the discretion of the Carrier, each day of absence due to illness, accident or injury, or other emergency, including authorized leave of absence, may extend the probationary period by one (1) day.

### **3.6 CURRENT EMPLOYEE TRIAL PERIOD.**

A current employee that moves to an Engineer, Conductor, or Mechanic position shall be on probation for a period of six (6) months of active performance in the new classification; and if unable to satisfactorily perform the duties of the new classification, the employee shall be returned to his prior classification. At the discretion of the Carrier, each day of absence due to illness, accident or injury, or other emergency, including authorized leave of absence, may extend the trial period by one (1) day. Maintenance of Way and Clerical employees will be subject to a ninety (90) day trial period.

## **ARTICLE IV. FILLING OF VACANCIES**

### **4.1 DEFINITIONS.**

For the purpose of this Article:

- 4.1.1. "Temporary position" means a position designated by the Carrier as temporary when the position is created. Temporary position will be created when necessary to secure coverage of work previously performed by an employee on leave, including but not limited to vacation relief, military leave or temporary medical disability. The anticipated duration of a temporary position is six (6) months or less (nine (9) months or less with respect to positions created to provide medical disability coverage).
- 4.1.2. "Summer position" means a position designated by the Carrier as a summer position during the non-crop season. Summer positions, if available, will be offered to those permanent harvest employees furloughed following the crop season.
- 4.1.3. "Permanent harvest position" means a position which has not been designated by the Carrier as a seasonal position, temporary position or a summer position.
- 4.1.4. "Permanent seasonal position" means a position which has not been designated by the Carrier as a permanent harvest, temporary position or a summer position.

### **4.2 FILLING TEMPORARY VACANCIES.**

- 4.2.1. Temporary vacancies which the Carrier determines are necessary to fill shall be filled in accordance with subparagraph 4.2.2 of this paragraph 4.2. If the temporary vacancies cannot be filled by bid, then the Carrier may fill the position by temporary transfer, by hiring a temporary employee, or through the overtime provisions of this Agreement.
- 4.2.2. An employee on such a temporary assignment shall continue to accrue seniority in his or her regular classification while on temporary assignment and shall not accrue seniority in the classification to which the employee is temporarily assigned.
- 4.2.3. Upon the return of an employee whose absence created a temporary position, the temporary position will be eliminated and the returning employee will be returned to his previous position.
- 4.2.4. When an employee is required to temporarily fill the place of another employee receiving a higher rate of pay, he shall receive the higher rate; but if required to fill temporarily the place of another employee receiving a lower rate, his rate will not be changed.

#### **4.3 FILLING OF SUMMER POSITIONS.**

- 4.3.1. Summer positions will be filled by employees furloughed by the Carrier following the crop seasons using a canvassing process based on qualifications and Classification seniority. The Carrier will determine and communicate summer positions (30) thirty days prior to the estimated end of the crop season.
- 4.3.2. Vacancies arising in summer positions during the non-crop season will be filled by assignment of qualified personnel in the following sequence: (a) bid award; and then (b) recall; and then (c) new hire. For purposes of filling vacancies subject to this subparagraph 4.3.2, the parties agree that permanent roster employees will be offered recall based on Carrier seniority without regard to classification. If an employee refuses recall because the rate of pay for the vacant position is 15% or greater less than the employee's permanent current classification rate of pay, the employee's position on the recall list will be unaffected.
- 4.3.3. The Carrier shall have the option of paying all employees filling summer positions at the contractual rate of pay for their regular permanent harvest season positions or paying all employees filling summer positions at the contractual rate of pay for the classification actually worked during a summer assignment. An employee on summer assignment will accrue seniority on a single summer roster, and shall not accrue seniority on the permanent harvest roster for duties performed during the summer. Employees will be placed initially on the summer roster based on Carrier seniority.

#### **4.4 FILLING OF PERMANENT HARVEST AND SEASONAL POSITIONS.**

Permanent harvest and seasonal positions will be filled by assignment of qualified personnel by first recalling permanent and seasonal employees and then canvassing open positions. Canvassing will be done by seniority, starting with the most senior employee on the respective permanent and seasonal rosters. The Carrier will notify employees within a reasonable time prior to canvassing of the designated start and stop times and designated rest days for each open position. If permanent harvest and seasonal positions remain vacant after canvassing, the Carrier will seek new hires.

##### **4.4.1 Mid-Harvest Season Canvass**

A Mid-Harvest Season Canvass process will be allowed. The Carrier and the Organization shall meet by December 20<sup>th</sup> each year to determine the date on which this process will take place so that it does so as close to the Mid-Harvest Season period as possible. During this canvassing process, employees will be allowed to canvass for job position in order of seniority and classification, similar to the pre-harvest season and post-harvest season canvassing processes. The Carrier will make reasonable efforts to comply with canvass requests. However, the Carrier retains the right to assign employees as needed as not to interrupt safe and efficient operations.

#### **4.5 FILLING OF PERMANENT VACANCIES.**

Permanent vacancies which the Carrier determines are necessary to be filled will be filled by assignment of qualified personnel in the following sequence: (a) bid award; and then (b) recall; and then (c) new hire.

##### **4.5.1. Vacancy Bids**

New permanent positions will be subject to filling by bid. Any employee who holds seniority in any classification subject to this Agreement is eligible to file a bid for an open position within this Agreement.

- (a) The Carrier will post an informational bulletin announcing open positions whenever the Carrier approves an open position for filling.
- (b) The informational bulletin will specify a deadline date after which bids will not be received. The deadline shall be five (5) days (exclusive of holidays) after the date on which the bulletin is posted.

##### **4.5.2. Employee Bids**

- (a) Employees desiring to work in an open permanent harvest or seasonal position which has been bulletined must submit a complete bid in accordance with the requirements stated on the bid form. Bids which are illegible, incomplete, or incorrect may be disregarded by the Carrier in the awarding of open positions.
- (b) An employee bidding for more than one open position shall indicate the order of preference on each bid, and if he/she is the senior bidder for more than one open position he/she shall have the opportunity to qualify only for the position ranked highest in his/her preference.

##### **4.5.3. Bid Awards**

- (a) The awarding of open permanent positions by bid award shall be in seniority order among eligible and qualified employees who have filed a valid bid.
- (b) Carrier officials responsible for selection of employees for positions under this Agreement will be responsible for establishing qualifications for the positions, judging applicants' qualifications and selecting the successful bidder(s). The criteria will be applied equally to all employees, and where two or more applicants meet the qualifications, the employee with the most Classification seniority under this Agreement will be selected. The Carrier agrees to provide the employees covered under this Agreement with a list of qualifications the Carrier considers necessary for the various classifications covered by this Agreement and to update such list as changes are made.

(c) Upon determination of the successful bidder or lack of eligible bidders, an award shall be posted within five (5) business days, except in extenuating circumstances. The award shall show the name, Carrier seniority, and Classification seniority of the employee selected (if any).

(d) An employee awarded a position by bid shall be placed in his/her new position within ten (10) calendar days from the date of posting of his/her award, or within whatever other time period may be mutually agreed upon between the Carrier and the employee, except that an awardee who is prevented by the Carrier's operational needs from actually transferring to his/her new position within said time period, will be compensated for any wages lost as the result of being held in his/her position.

(e) If an employee bids for and is awarded a bid to a new position in a different classification, the Carrier, in its discretion, may preclude the employee from bidding on a position in the prior classification for a period of twelve (12) months.

#### **4.5.4. Recall**

An employee who is laid off, furloughed or displaced from a position under this Agreement shall have a right of recall in accordance with his/her Classification seniority to open positions in the classification from which he/she was laid off or displaced provided that such employee timely submits and continues to maintain a valid home address and current contact information on file with the Carrier. A copy of any recall notice shall also be sent to the Union.

### **ARTICLE V. REDUCTION IN FORCES**

#### **5.1 LAYOFFS AND BUMPING.**

When the Carrier determines that it is necessary to reduce the workforce for more than thirty (30) days, reductions will be made in any department or sub-department thereof based on reverse order of seniority. An employee subject to layoff may, if qualified, roll the least senior employee in an equal or lower rated classification within the department.

Unless otherwise explicitly permitted in this Agreement, the practice of exercising seniority to displace junior employees by "ROLLING" or "BUMPING" is not permitted; however, an employee whose job is abolished or who may be displaced by other causes, will be permitted to exercise seniority on any job occupied by a junior employee on his/her seniority list. If there is not a junior employee or an open position in which he/she can bump to then he/she may exercise his/her seniority rights on the job that is held by the most junior employee on any seniority roster in which he/she holds seniority.

In the case of a rainout, an employee will be permitted to exercise seniority to bump a junior employee on his/her seniority list so long as such bumping does not conflict with the employee's next regularly scheduled work day.

Where possible, the Carrier will provide five (5) working days' notice to employees subject to layoff and the local chairman before reduction is made.

## **5.2 RECALL FROM LAYOFF.**

In the restoration of forces, senior laid off employees will be recalled as follows:

- 5.2.1. The employee will be sent a recall letter via CERTIFIED MAIL - RETURN RECEIPT REQUESTED to the last address on file with the Carrier, with copy to the local chairman, advising him that he is recalled to service and that he should report to a specified location at a designated time and date.
- 5.2.2. Should the employee fail to notify the recalling officer of his intentions within five (5) working days after receiving notification of recall, and/or fail to return to service within ten (10) days after receiving notification of recall, his name will be removed from the Seniority Roster on which recalled, and the employee will be notified accordingly by CERTIFIED MAIL - RETURN RECEIPT REQUESTED.
- 5.2.3. If an employee or the General Chairman of the Craft subsequently contends that his name was removed from the Roster improperly, a meeting will be held, with the Union notified in advance thereof, to develop the full facts and make determination as to the merits of the employee's contention.

The local committee will be furnished an estimate of the number of employees to be restored to service.

This Article does not apply to reductions in force lasting less than thirty (30) days, such as shutdowns in the event of weather or other events beyond Carrier control. When positions are temporarily abolished resulting in a temporary furlough, and the positions are subsequently restored within thirty (30) calendar days, the last regular assigned incumbents must return to their former positions. When an employee returns to a reestablished position under this paragraph, all employees affected by the temporary abolishment must return to their former assignment in the same manner as herein provided.

## **ARTICLE VI. HOURS OF WORK, OVERTIME & WAGES**

### **6.1 CLASSIFICATION OF WORK.**

#### **6.1.1. Transportation - Operating Craft**

- (a) Train and engine service employees shall include Engineers, Conductors, Utility Workers and Utility Worker Trainees who generally perform the duties traditionally required of Operating employees involved in the movement of trains, rail cars and equipment at the Carrier. The Carrier reserves the right to assign additional duties to Operating employees as required by the needs of the business and consistent with management rights. The Carrier will provide necessary training for Operating employees to perform any additional duties assigned.

- (b) Operating employees will be responsible for the readiness of locomotives within the following geographical boundaries:

On an annual basis, in or around September, the Union will be invited to view the data used to set the subsequent year's health care premium rates. The data will be provided by health care consultants retained by the Carrier.

If Federal Legislation or the Affordable Care Act imposes tax penalties, additional fees or other requirements leading to premium cost increases upon employers, the Carrier reserves the exclusive right, not subject to collective bargaining, to require that relative Carrier cost share percentages for such items will remain the same as above.
